

Kathleen Ziemer
Butterflies in Your Backyard – with live butterflies

RICK MIKULA, author of the best-selling “Family Butterfly Book” says: Kathleen SHOULD NOT be doing a presentation. I am sorry but I said it. Rather I think that Kathleen should be our Saturday entertainment. Kaz is a scream and all of her presentations have that cabaret flare to them. Do you want to punch up your act with some real panache? Kathleen is the one. *Ecouter le marraine Papillion por c'est lagniappe* . Entertainment and Education go hand in hand when Kaz is in the house. What fun we will have!
